

Bupa Launches New Health Insurance Plan 'Opal'

Bupa Thailand, the leading health care and insurance specialist, today announced the launch of its health insurance product 'Opal' providing a plan for health and accident protection with an affordable premium.

'Opal' is a comprehensive health insurance plan that offers hospitalization coverage up to 750,000 baht per year with the full coverage for actual medical expenses for hospital general expenses, surgical fee and physician fee. Accident coverage is also included in the plan while out-patient benefits are also provided between 1,000 - 2,000 baht per time for customers' selection with an affordable premium. Opal also offers cashless claim facility available at Bupa network hospitals and clinics nationwide and guarantees lifetime renewal if

customers apply their health insurance before 60 years old. The plan is easy to apply with no need to purchase with life insurance. Terms and Conditions apply.

Ben Assanasen, Managing Director of Bupa Health Insurance (Thailand) Public Company Limited said "Increasingly, people are more concerned about their health especially with the escalating cost of medical treatment every year, which leaves people with huge medical bills. The development of our new health insurance product 'Opal', therefore, aims to reduce the financial burden incurred by customers during a medical emergency thereby letting them concentrate on their recovery and well-being. With the launch of Opal, Bupa has proved that we always looks to offer our customers innovative products that not only fulfil their basic health insurance needs but also support their healthy living and help them live longer, healthier, happier lives".
