

Centara Grand Mirage Pattaya has been presented with The Amazing Thailand Safety and Health Administration (SHA) certification.

Centara Grand, one of Pattaya's most impressive hotels, led by Denis Thouvard, Area General Manager is proud to have been recognized for meeting the elevated health and safety standards that SHA certification requires.

The Amazing Thailand Safety and Health Administration (SHA) project is a result of cooperation between the Ministry of Tourism and Sports, the Tourism Authority of Thailand (TAT), the Ministry of Public Health, the Department of Disease Control, the Department of Health and the Department of Health Service Support, as well as government and private sector organisations involved in the tourism industry. The project's aspiration also reflects Centara Hotels & Resorts's commitment to elevate safety protocol to support new travel norms and provide complete reassurance and confidence to guests.

Centara Grand Mirage Beach Resort Pattaya is Thailand's first theme hotel built in a Lost World theme and features a water park jungle with pools, waterfalls, water slides, a lazy river, and direct access to beautiful Wong Amat beach.

The hotel also features an extensive Kids' Club with separate zones for young ones and teens. Centara welcomes every guest with a warm smile, and our sincere pledge to provide genuine Thai hospitality blended with superlative hygiene and safety protocols.

We can't wait to welcome back 'home' our guests from around the world who over the years have become extended family. Centara, The Place to Be...for everyone.
