

ISAGA2018 // Faculty of Liberal Arts , Mahidol University

Welcome to ISAGA

ISAGA is a professional association for students, teachers, trainers, researchers, practitioners and other professionals. Its aim is to promote gaming simulation methods, including research, consulting, learning and teaching methods, such as traditional business and management simulation games, policy exercises, computer simulations and computer-supported simulation games, role play, learning games, scenarios, dynamic case studies, experiential learning activities, business-theatre, etc..

Welcome to ISAGA2018 Ten Countries, including Thailand, in South East Asia came together in an alliance called ASEAN Economic Community (AEC) in 2015. Higher education reform, harmonization, and developing new teachers are key issues of AEC. To celebrate Thaisim's 10th anniversary and to appreciate half century legend of ISAGA, we planned this conference as an opportunity to exchange the wisdom from many countries. We will discuss the future of Simulation & Gaming, ISAGA, people, and learners together. Everyone is welcome to discover the future; so come, let's gather in Thailand!!!
