In keeping with the Grande Centre Point brand's principles of comfort and convenience, each room and suite comes with the following amenities as standard. Free Wifi connection is available throughout the hotel. The ice making and vending machine are 24-hour available on every floor. Self-service welcome coffee, tea, and juice at the lobby. Free soft drinks and snacks replenished daily in every guestroom. The hotel adds on special features for ultimate relaxation and entertainment all day comprises of the "Space" theme Water Park with full-facility on the 6,000 sq.m. area, together with three pools with sliders, Jacuzzi, and the safety but splashy Kids' pool. Also, an outdoor observatory deck extension, The Sky Bridge offers another level of photographing experience for family, friends, and honeymooners. One more strength of the Grande Centre Point Pattaya is the meeting and function venues for every occasion. Seats up to 300 pax per each port, these 7 exclusive convertible meeting room with floor-to-ceiling windows allows the meeting delegates to enjoy the cozy atmosphere through the natural light and the spectacular view of the city. Not only for the seminar and recreational activities, but the event area can also be converted to multi-function. Such as Amphitheatre, a formal theatre-style setup to an official conference to a private barbecue party, the glamorous banquet for groups sized up to 150 pax, casual high tea party in the afternoon with picnic-basket catering which the delegates can grab and go to the favorable corner either on the tea table or the picnic lawn. For dining experience, the two restaurants including 'Waves & Wind,' the main restaurant serve up the exclusive breakfast on request and all day dining in the views of the water park and greenery garden; and The Sky 32, the rooftop restaurant on the 32nd storey above Pattaya Bay. Over delicious cuisine, this is the perfect spot to watch 180-degree panoramic view of the sunset sky turning nightly blue with the glittering lights of the whole Pattaya skyline. Guests can witness the extraordinary beauty of Pattaya as never before."

The Grande Centre Point Group of hotels has set its revenue target for 2019 of over 3,000 million baht, an increase from 2018 by 20%. With a yearly occupancy rate registering at 88%, the sign appears to continue this year in well-grown of the overall tourism and hotel business trend. The customer base is from the Asian region including China, Japan, Hong Kong, Korea, Singapore and Taiwan. The group also expects to reach more customers from the Middle East and the US.

"Recently, LH Mall & Hotel Co., Ltd has operated Terminal21 Asok, and four hotels in Grande

Centre Point chain including Grande Centre Point Ratchadamri, Grande Centre Point Ploenchit, Grande Centre Point Terminal 21, Grande Centre Point Sukhumvit 55, altogether with Terminal21 Pattaya and Grande Centre Point Pattaya which soon to be opened at late October 2018. A significant proportion of the Group's property interests at 60:40 shows the profit made from the hotel chain is higher than the shopping centers' profit. As just only one mall of the Group put in a trust fund, the interest from shopping centers are counting from the sales area management of Fashion Island, The Promenade and Terminal21Korat. At the year end, Terminal21 Pattaya will be completely opened and not added to the trust fund. We estimate that total shopping center property turnover will increase to 45%. However, business growth rate is not the main concern. Our true purpose is to build up a long-run sustainability by getting LH Mall & Hotel Co., Ltd registered in the Stock Exchange of Thailand." concluded **Mrs. Suwanna.**
