

OCEAN-FRESH GINDARA BLACK COD FISH AND UBER-UMAMI JAPANESE HIDA BEEF

Two specially arranged authentic Japanese delicacies await to delight diners for lunch and dinner at Kisso Japanese Restaurant from 1 September to 31 October 2019.

The critically-acclaimed restaurant's storied chefs have chosen a couple of much-prized items to showcase their skills and passion, namely, Gindara Black Cod and Prime Japanese Hida Beef.

Specially imported at short intervals from Japan, Black Cod, better known as Gindara is much-loved for its natural fattiness and "tarako" roe. Its rich flavor and succulence lends itself perfectly to creating delectable menus.

Among all the varieties of wagyu, Gifu prefecture's local Hida beef from Takayama is considered one of the very best. The delectable difference is in the way the snow-like mesh of marbling permeates each cut, giving the beef a distinctive juiciness and delivering exceptionally rich flavor and tenderness to the palate.

Chef's special a la carte menus for each offer the best opportunity to experience both exclusive produce in all their magnificence.

Dive into the back to black icy ocean pleasures of:

- Gindara Saikyo-Yaki - Charcoal grilled black cod fish marinated with miso
- Gindara Teriyaki - Charcoal grilled cod fish with teriyaki sauce
