

# Photo release: Unleashing creativity at ibis Styles Bangkok Khaosan Viengtai's "ibis Styles by Us" event

It was a night devoted to creativity in all forms at ibis Styles Bangkok Khaosan Vieng-tai. As one of nine selected flagship properties to host the event, October 29th 2019 marked the date that the hotel was the final stop of a global photo exhibition under the "ibis Styles by Us" concept, showcasing the 11 winners of a worldwide photo competition held in partnership with Spanish Instagram influencers Daniel Rueda (@DrCuerda) and Anna Devis (@Anniset). VIP guests, media and influencers in attendance could additionally spark their creativity with a craft-ing corner and through a variety of interactive F&B stations including DIY Pad Thai, Burger slid-ers and "sweet" hot dogs as well as DIY frozen margaritas and mocktails. Another highlight of the evening was a private concert from the band Tattoo Colour in the intimate ambiance of Streets Bangkok Khaosan.
