Spa Burasari Granted World Luxury Spa Awards for Two Consecutive Years

Spa Burasari, represented by Wannapa Rattanapong, General Manager of Spa Burasari, received the Best Luxury Boutique Spa 2017 - Country Winner award in the announcement of the World Luxury Spa Award 2017. Spa Burasari received the award in 2016, as well. With this year's recognition, Spa Burasari is among an exclusive group of recipients who have received the World Luxury Spa Awards for two consecutive years in a row. The recognition demonstrates Spa Burasari's ongoing commitment to elevated and evolve their treatments and guest experiences.

World Luxury Spa Awards are awarded annually, with the intention of recognizing and encouraging excellence in luxury spa services worldwide. World Luxury Spa Award winners are selected from a users' satisfaction voting campaign, wherein guests vote on a venue's overall experience and service excellence.

Currently, there are five branches of Spa Burasari including Burasari Phuket Hotel (Patong), Burasari Heritage Hotel (Luang Prabang), Shanghai Mansion Hotel (Yaowaraj), and Anoma Grand Ratchaprasong Hotel (Bangkok). Each Spa Burasari branch has been recognized within the industry and by guests for their excellent services, including offering a wellness menu of unique, balance treatments using natural and therapeutic products and employing a team of professional therapists who receive consistent and ongoing training. At each location, Spa Burasari treatments provide ultimate relaxation in a wonderfully calm and serene environment.
