

“T&B Media Global” Focuses on Distributing Quality Movies with “Ne Zha,” China’s Highest-Grossing Animation of All Time, Premiering December 5 across Thailand

November 30, 2019 - Bangkok - T&B MEDIA GLOBAL (THAILAND) CO., LTD, founded by Dr. Jwanwat Ahriyavraromp, or “Dr. Tan,” the creator of the world renown animated series ‘Shelldon,’ is launching its Thai movie distribution company by releasing “Ne Zha” in collaboration with Warner Brothers Thailand on December.

“Ne Zha” is a blockbuster animation from China that has grossed over US\$700 million worldwide (25 billion Thai Baht), ranking it in the ten highest grossing movies this year and holds the record as highest grossing non-U.S. animated film in the world, and second highest grossing movie in China to date.

When asked why he chose “Ne Zha” as the premier movie for his distribution company, Dr. Tan shared, “T&B chose to enter the Thai movie distribution industry with “Ne Zha” because this movie meets all of our expectations as a company that generates happiness. We want to share great stories with good, important messages and “Ne Zha” does just that.”

The movie “Ne Zha” re-imagines one of the most intriguing deities from Chinese mythology and follows his life as a child whose fate was accidentally switched from being a god to a demon. Through lessons in love, honor, friendship and family, Ne Zha finds his way and sets his own destiny.
