## The Lost World: First in Family Friendly Fun

It's not easy to create a place that pleases every member of the family, but it sure is fun! Family friendly fun rules the lost world at Centara Grand Mirage Beach Resort Pattaya. It's where kids, parents and the young-at-heart get to enjoy their perfect day of play at the family resort ranked #1 in Thailand by TripAdvisor.

The lost world is a beachfront water park, a themed jungle adventure attraction, part action and thrills, part relaxing tropical resort, all rolled into one destination. It is a world where the variety of attractions and activities is practically endless. Explore the waterfalls and rope bridges, take a ride on the newly improved lazy river, or speed down a water slide — 12 water slides, in fact. You can cool off in any of the lost world's three swimming pools — a free-form main pool, a children's pool, and a lap pool — plus the gulf of Thailand is a few steps away along Wong Amat beach.
