

Theptarin Hospital and Chatrium Hotel Riverside Bangkok introduce the ‘Sleepless Society Program’ based on the Meditel concept

Meditel is a sensational development in the healthcare field, where people can receive exceptional services without going to hospital, and Chatrium Hotel Riverside Bangkok is in an excellent position to support these healthcare advances. Additionally, Theptarin Hospital offers premium healthcare, and together we are focused on providing guests with check-ups in comfort and total safety.

At our picturesque riverside location, we offer guests spacious and well-equipped rooms with spectacular views, superb dining choices and great facilities, where they can undergo their health check-ups in total comfort and convenience. They are the ideal place to relax and rejuvenate as guests continue through their healthcare program.

- The Sleepless Society package helps to diagnose sleeping issues and improve sleeping potential and is priced at THB 27,500 net for 3 days/2 nights. It features 2 nights in a Grand Room River View with full board, a sleep test and consultations with both a doctor and nutritionist.
- The Health Check-up package gives your body a thorough examination and is priced at THB 8,400 net for 3 days/2 nights. It consists of 2 nights in a Grand Room River View with a range of health checks from the Theptarin team.

The promotion is valid from now until 31st October 2020, so book now and make your health your number one priority.
