

Venues Pays Tribute to Japan's Kurafutobiru at Brewski Craft Beer Bar

A new experience awaits guests at Venues' Brewski at the end of the month. To give craft beer aficionados something new and exciting to look forward to, the popular rooftop bar is organizing a special themed evening centered around everything Japanese.

On May 31, 2017, Brewski will be celebrating Japan's lively craft beer culture and delicious cuisine. From putting select Japanese craft beers on tap and serving Japanese snacks to putting DJ Hidemasa Mitsui in charge of live entertainment for the night, everything will be in the spirit of the Land of the Rising Sun.

Upbeat live music from 20:00 to midnight and the incomparable views from Brewski's 30-th floor terrace will make this a night to remember for all guests wanting to taste a new facet of the endless world of craft beer.

"At Brewski we want to create a connection between our guests, the craft beer, the place it was brewed and our venue. That's why we dedicated an entire evening to celebrating Japan, its culture and their rich craft beer scene. This approach is what makes Brewski so different from other bars and keeps attracting beer lovers from Bangkok and around the world to our beautiful terrace," says Radisson BLU Plaza's General Manager Peter Feran.
